| (4)授業の概要         | The aim of this course is to develop students' English skills and international awareness by inviting them to explore international affairs in English. The course begins with an introduction in which students learn how to read Internet articles in English. Students will also watch movies which draws on and extends the content of their reading materials. Based on the factual knowledge students develop through these activities, they will have chances to express their own opinions by making presentations.<br><br>Students are expected to attend on a regular basis. In addition, this course requires regular homework and active participation in every classroom activity. |      |      |       |        |                                                        |               |
| (5)授業計画          | この授業は90分授業で行います。<br><br>Day 1: Introduction to the Course<br>Day 2: Chapter 1-1<br>Day 3: Chapter 1-2<br>Day 4: Chapter 1-3<br>Day 5: Chapter 2-1<br>Day 6: Chapter 2-2<br>Day 7: Chapter 2-3<br>Day 8: Chapter 3-1<br>Day 9: Chapter 3-2<br>Day 10: Chapter 3-3<br>Day 11: Chapter 4-1<br>Day 12: Chapter 4-2/Presentation<br>Day 13: Chapter 4-3/Presentation<br>Day 14: Summary/ Presentation<br>Day 15: Review and Feedback                                                                                                                                                                                                                                                                 |      |      |       |        |                                                        |               |
| (6)成績評価の方法       | Grades will be decided according the following criteria: attendance and participation (10%), assignments and a presentation(50%) and the test (40%).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |      |      |       |        |                                                        |               |
| (7)成績評価の基準       | 授業で課せられた課題と同じレベルの課題を<br>60%以上達成できれば「合格水準にある（可）」<br>70%以上達成できれば「合格水準よりやや上にある（良）」<br>80%以上達成できれば「合格水準よりかなり上にある（優）」<br>90%以上達成できれば「卓越している（秀）」<br>とみなす。                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |      |      |       |        |                                                        |               |
| (8)事前事後学習の内容     | Students should read each reading material before class and review what they learned after class.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |      |      |       |        |                                                        |               |
| (9)履修上の注意        | ・TOEIC score over 500 is required.<br>1. Regular on-time attendance (If students miss more than four classes in each semester, they will fail the course. If they are late for classes twice, this will count as one absence.)<br>2. Preparation of regular homework<br>3. Active participation in classroom activities                                                                                                                                                                                                                                                                                                                                                                         |      |      |       |        |                                                        |               |
| (10)質問、相談への対応    | If students have questions, they may email the instructor.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |      |      |       |        |                                                        |               |
| (11)学生へのメッセージ    | This class will help you develop your reading, writing and presentation skills in English.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |      |      |       |        |                                                        |               |
